USW WOOD COUNCIL 2009

BARGAINING BULLETIN #12

August 24 2009

“DEALWITHSTEEL.CA”

Today the United Steelworkers Interior Bargaining Committee launched a new website – www.dealwithsteel.ca - to support the union’s collective bargaining in the BC Interior forest industry.

The website features information on the collective bargaining process and lists the work sites that are covered by CONIFER, the IFLRA, Canfor and West Fraser.

Steelworker members and the general public can obtain the bargaining committee’s latest posted bulletins and follow the commercial media’s coverage of negotiations.

Also included is a current YouTube video featuring USW Wood Council chair Bob Matters and all five local union presidents from the BC Interior who sit on the bargaining committee.

Union members can visit the CONTACT US page to register for the latest BC Interior bargaining news.

The media can visit the CONTACT US page to connect with Bob Matters, while USW members and community organizations can connect with local union presidents in the northern and southern Interior.
